Issue: Freight Policy Update

Subject: Freight Policy Update

Effective April 1, 2018, HTPG will update their freight policy to the following:

Freight: All products are shipped FOB Point of Shipment with full freight allowed on single orders with a net price value of \$10,000.00 or more, except surface coils and parts, within the continental USA (excluding Alaska and Hawaii). Routing and selection of carrier will be made by Seller. For special routing requests, such as flatbed request, contract hauls, and/or specialized unloading, Buyer will bear all additional costs for such routing. Equipment is shipped at Buyer's risk. Buyer should examine equipment before signing transportation receipt. If equipment is received damaged or if quantity received does not match freight bill, the Buyer should require agent to so indicate on freight bill and immediately file a damage/missing claim. Our liability ceases upon delivery of equipment in good order to the freight carrier. Shipments to destinations outside of the continental USA, that meet freight allowance requirements, will incur charges for the additional cost of transport beyond the USA border.

Changes Include:

- Freight allowed net price minimum changed to \$10,000.
- Special routing request detail added.
- Shipments outside of continental USA will incur additional cost of transit past USA border.

ACTION: Notify your customers of this change prior to the effective date.
