

# PRODUCT INFORMATION NOTICE

*PIN No:* PRI-44  
*Date:* November 6, 2017  
*By:* Joe Berry  
*Issue:* New Consolidated Price List  
*Subject:* KLP 10-2017

A new price list, KLP 10-2017, has been created, consolidating the price sheets listed below. KLP 10-2017 supersedes these documents, rendering each of them obsolete – effective immediately.

- P842 – Evaporators
- KDS/KDD Quantum Air Remote Air Cooled Condensers
- P872 -1/2 – 6 HP Kompact Condensing Units
- P873 – 4 – 10 HP “KS” KramerSaver and “CTT” Thermobank Condensing Units
- P874 – 4 – 10 HP “C” Condensing Units
- P875 – 12 – 70 HP “KS” KramerSaver and “CTT” Thermobank Condensing Units
- P876 – 12 – 70 HP “C” Condensing Units
- P880 – Remote and Water Cooled Condensing Units
- P881 – 3 – 22 HP Next-Gen II Condensing Units

**This new price list does not include the upcoming 2018 increase in prices but does contain some important new information. The 2018 price sheet will be made available as soon as possible.**

Key changes include:

- Next-Gen All-Temp low profile evaporator models and prices have been added.
- Next-Gen Kompact ½ to 6 HP Air Cooled Condensing Unit changes:
  - Added three new medium temperature and four low temperature scroll models
  - Removed model K\*O200L4S. It has been replaced by model K\*O230L4S.
  - Liquid line solenoid valves mounted at the condensing unit are no longer offered. (Factory mounting of LLS at the evap is still available. See page 16 for pricing.)
- Next-Gen II Condensing Units
  - EC motors are no longer available – deleted from document
  - Compressor fusing option no longer available – deleted from document
  - Liquid line solenoid valves mounted at the condensing unit are no longer offered. (Factory mounting of LLS at the evap is still available. See page 16 for pricing.)
- Legacy Kompact Series Condensing Units - Discus models are no longer available and have been deleted from the document.
- APEX Packaged Systems
  - Medium Temp. Electric Defrost models have been discontinued.
  - Models with PSC evaporator motors are no longer available.
  - Models with EC motors - prices reduced to PSC levels

(Continued next page)

- Quantum Air™ Remote Air Cooled Condensers
  - Revised large condenser nomenclature
  - Added model numbers and prices for units with 1200 RPM and 900 RPM **VSEC** motors
  - Added two additional control board options
  - Added VSEC stand-alone motor control (C450) option
- Added KE2-Evap-OEM Evaporator Defrost Control (factory installed only for Next-Gen All-Temp Low Profile evaporator units)
- Surveillant Evaporator Defrost Control (factory installed only for HSA/HSE models)

KLP 10-2017 will be posted to the website at <https://kramer.htpg.com/pricing/> as soon as possible. It is available as a PDF document only. The price sheet is not being printed at this time.

**ACTION:**

Please notify your representatives and customers of the availability of this price sheet and send them the direct link to the website listed above.

Thank you.
