Issue: Quantum Air™ Condensers
Literature Update

Subject: VSEC Motors Now Available

Quantum Air™ Remote Air Cooled Condensers, [Gold Award winner as the “Best New Refrigeration Product” in the 2017 Dealer Design Awards sponsored by the ACHR NEWS](#), are now offered with energy efficient Variable Speed EC (VSEC) motors in the following configurations:

- Motor Code G = 900 RPM
- Motor Code K = 1200 RPM

The Quantum Air brochure has been updated with the following revisions.

Version KM-KDS-0817A (available in printed copies):

- Added VSEC motors data
- Added Calif. Title 24 note to 900 RPM, 850 RPM, and 550 RPM models and identified qualifying units with a symbol
- Added Dealer Design Award logo to front cover

Version KM-KDS-1017A (posted online, not yet available in printed copies):

- Changed the 6-fan length dimension on the horizontal air discharge drawing to 308-1/4”
- Updated the 1140 RPM KDS007^B1 model performance data

Refer to the Quantum Air product brochure **KM-KDS-1017A** for a complete listing of features, nomenclature and performance. The PDF is posted on the website at <https://kramer.htpg.com/product-details/kramer-Quantum-Series-Remote-Air-Cooled-Condensing-unit/>. Printed copies of KM-KDS-0817A can be ordered from the literature warehouse by using the form on the website at <https://kramer.htpg.com/literature-request/>. We'll print the KM-KDS-1017A version when the current supply is exhausted.

The new Kramer price list, KLP-10-2017, contains unit and option pricing for these new Quantum Air models with VSEC motors. The price list is posted on the website at <https://kramer.htpg.com/pricing/> and is currently only available as a PDF document.

ACTION:

Distribute this information to your Reps and customers as required. Please update your Kramer catalog with this new product brochure and retain this notice for future reference.

Thank you.
