

# PRODUCT INFORMATION NOTICE

*PIN No:* Witt - SUB-01  
*Date:* 02-15-16  
*By:* Karen Alvarado  
*Issue:* Revised Submittal Forms  
*Subject:* Next-Gen W-Series & Super-Flo Unit Cooler

Revised submittal forms for the Witt Next-Gen W-Series ½ to 6 HP Air Cooled Condensing Units are now available. The edits consist of revising the MCA to a minimum of 15 amps on a number of models and adding the 1 HP low temperature hermetic unit data.

Please discard the old submittal forms and use the new forms. The new forms are available on the website at <http://witt.htpgusa.com/support/submittals>.

**ACTION:**

Please contact your representatives and customers and let them about the availability of this update and send them the direct link to the website listed above.
